Noticeboard

Army Museum Bandiana:

- The AMB has received an interesting exhibit of a Radio Receiver/Transmitter used by the SOE in Europe (the one in the suitcase you see on the movies) and by the Commandos and Coastwatchers in the Pacific. This Radio has some pretty amazing equipment with it. It has a battery charger operated by steam. The radios were destroyed in most cases but there is only a couple left in the world.
- A new acquisition to the museum is Long Range Patrol Vehicle (LRPV) presented by Land Rover Australia, who used this vehicle as a show piece around the world as a example of what they could supply.

Army History Unit

- The Army History Unit (AHU) has been involved with successful returning home of the Missing Australians from Vietnam. There are still two RAAF members who have yet to be located at this time. The RAAF has asked AHU to assist in the continued search for them. Two members have now returned to Vietnam to start the official talks with the Government for the commencement of the search for the missing aircrew.

Shrine of Remembrance Travelling Exhibition

- The Story of the Shrine of Remembrance. This travelling exhibition is at the Art Space at the Wodonga Library. The Official opening was at 5.30pm on Friday December 19th, followed by a 30min talk from Denis Baguley CEO of the Shrine, at 6pm. The exhibition told of the story of the building of the Shrine between 1927 and the opening in 1934.
